Always when we where together
And you had no time
I never had to hurry to go
But he, was waiting for you
Sometimes, we were out there
And noone had to see
Cos everyone around seems to know
He was waiting for you

You are my morning queen
I want to be with you, so close to you
Hold you tight, till yhe morning light

Immer wenn mir si zäme gsy
U Du hesch kei Zyt gha für mi
Du hesch geng grad wider müesse gah
Hesch gseit, är warti uf Di
Mängisch we mir si dusse gsy
Und niemer het üs dörfe gseh
Es heis doch aui längschtens gwüsst
Är wartet uf Dy

Du bisch my Morgestärn
Du weisch i ha Di so lieb
I wott mit Dir sy
Ja ganz nach by Dir sy, bis der Tag erwacht
Du bisch mi Morgestärn
Du weisch i ha di so
I wott bi Dir sy, bis der Tag erwacht
Ganz nach by Dir sy, für die ganzi Nacht

You are my morning queen, this is what i always dream
I want to be with you, cos you light my night
I want to hold you tight, 'till the morninglight
You are my morning queen, this is what i, what i always dream
I want to be with you, cos you light my night
I want to hold you tight, 'till the morninglight

You are my morning queen, this is what i always dream
I want to be with you, cos you light my night
I want to hold you tight, 'till the morninglight
Morning queen, this is what i always dream
I want to be with you, cos you light my night
I want to hold you tight, till the morninglight, till the morninglight
I want to be so close to you, I want to hold you tight
I wanne be with you, I want to hold you tight, till the morninglight
